Not Disabled

Why are you being asked to complete this form?

We are a federal contractor or subcontractor required by law to provide equal employment opportunity to qualified people with disabilities. We are also required to measure our progress toward having at least 7% of our workforce be individuals with disabilities. To do this, we must ask applicants and employees if they have a disability or have ever had a disability. Because a person may become disabled at any time, we ask all of our employees to update their information at least every five years.

Identifying yourself as an individual with a disability is voluntary, and we hope that you will choose to do so. Your answer will be maintained confidentially and not be seen by selecting officials or anyone else involved in making personnel decisions. Completing the form will not negatively impact you in any way, regardless of whether you have self-identified in the past. For more information about this form or the equal employment obligations of federal contractors under Section 503 of the Rehabilitation Act, visit the U.S. Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) website at www.dol.gov/ofccp.

To comply with these laws, your employer invites employees to voluntarily identify their race, ethnicity, and gender. Submission of this information is voluntary and refusal to provide it will not subject you to any adverse treatment. The information obtained will be kept confidential within the Human Resources Department and may only be used in accordance with applicable laws, executive orders, and regulations, including those that require the information to be summarized and reported to the federal government for our Affirmative Action Program and civil rights enforcement. When reported, data will not identify any specific individual.

If you choose not to identify your race, ethnicity, or gender at this time, the federal government requires your employer to determine this information by visual observation and/or other available information.

For civil rights monitoring and enforcement purposes only, all race, ethnicity, and gender information will be collected and reported in the categories identified below. The definitions for each category have been established by the federal government. If you choose to voluntarily self-identify, you may mark only one of the boxes in each section presented below.
