

Why Thread?

Because you deserve more automation, giving you more time in your day, so you can create happier employees!

GET FOCUSED

Our system and services mean you can spend less time on administrative tasks and more time focusing on hiring, retaining, and growing with your team.

TAKE CONTROL

Save money and easily manage the entire employee lifecycle, securely store and share data, and ensure organization-wide compliance, while processing payroll efficiently, accurately, and completely.

ENGAGE EMPLOYEES

Enable and empower your team to take control of their role in the organization by offering adaptive self-service tools.

"The payroll platform is easy to use. I also love the personal nature of the customer service provided by Thread. If you ever need anything, they are just a phone call away!"

- Gayla Nobles

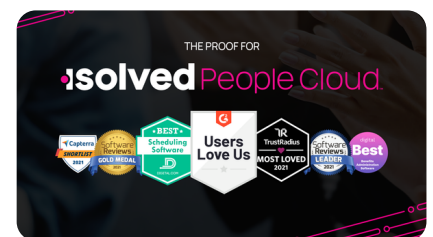

Trust your payroll and hr system to the experts and offload your non-revenue generating activities that waste your time and leave you drained.

We are **Thread**. We're on a mission to build high-performance, high-culture companies by connecting people and technology for a better workplace.

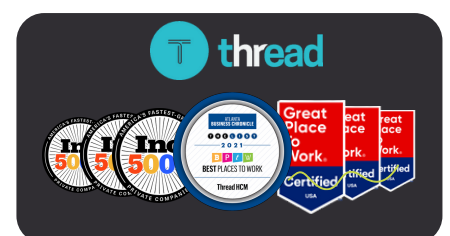

We partnered with **isolved**, a national leader in the HCM space. By offering you the best software out there, we can invest our time into you, our clients.

Why Thread?

Your business is unique and deserves to be treated that way. Get the best of both worlds with best-in-class technology and personal service from Thread.

What makes us different from the big guys?

With most HCM companies, you have to sacrifice service or technology, but with Thread, you can have both. We offer a nationwide leading technology platform powered by a boutique service model.

How do we know people love it?

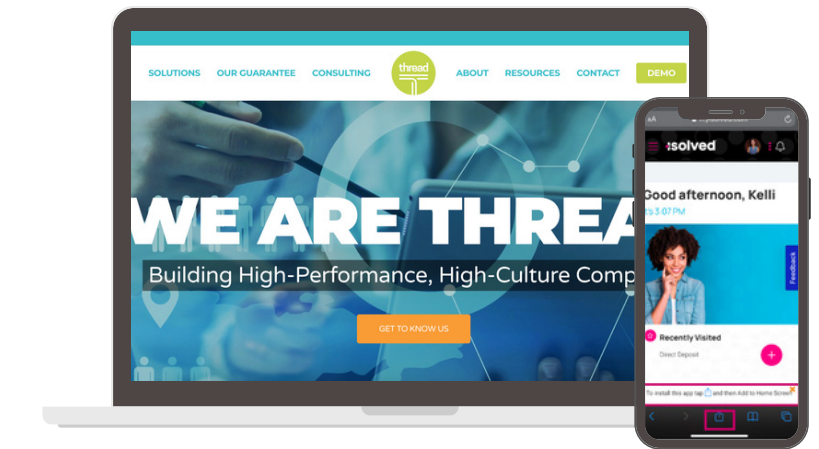

Over 97% of our clients stay with us year after year.

Why do we measure our Time to First Response?

Your employees count on you for answers and solutions. You may be used to waiting hours or even days for assistance with other providers. But not at Thread. You and your team are our priority; you call, we're answering! Prefer to email? Expect something back within the hour.

Spend less time on hold and more time on what matters to you.

How do we measure your happiness?

Thread uses the **Net Promoter Score (NPS)** to identify areas of strength and weakness in our client services. In addition, we evaluate our NPS scores against competitors and other businesses to assess our service levels, and ultimately our clients' happiness and loyalty are reflected in these scores.
